

**Wood-Mizer®**

# INTRODUCING WOOD-MIZER LOG SPLITTERS

HEAVY-DUTY LOG SPLITTERS NOW AVAILABLE FROM THE WORLD'S LEADING PORTABLE SAWMILL MANUFACTURER

# Welcome to the world of Wood-Mizer Log Splitters

Wood-Mizer Log Splitters are engineered for performance and built in the USA to provide you with the best available wood splitting equipment on the market. Offering three portable log splitter models for any sized firewood operation, the FS300, FS350, and FS500 Log Splitters all offer the highest-quality equipment and service you expect from Wood-Mizer. Standard features on our complete line of Log Splitters include:

- Solid and Rugged Construction
- Back-Saving Working Height
- Smart and Efficient Operator Location
- Accurate and Uniform Splitting
- Quick and Easy Setup
- Completely Portable

At Wood-Mizer we strongly believe “The Proof is in the Performance” and anyone seriously considering the purchase of a log splitter deserves to see it in action.

We encourage you to contact your local Wood-Mizer representative to see a live demonstration at one of our branch locations or at one of the many shows we attend each year. With many additional features including bi-directional log splitting, heavy-duty log lift, electric start, and skid-steer mount models, the Wood-Mizer Log Splitters are perfect for your farm, home, or commercial wood splitting operation.

## WOOD-MIZER LOG SPLITTERS AT A GLANCE:

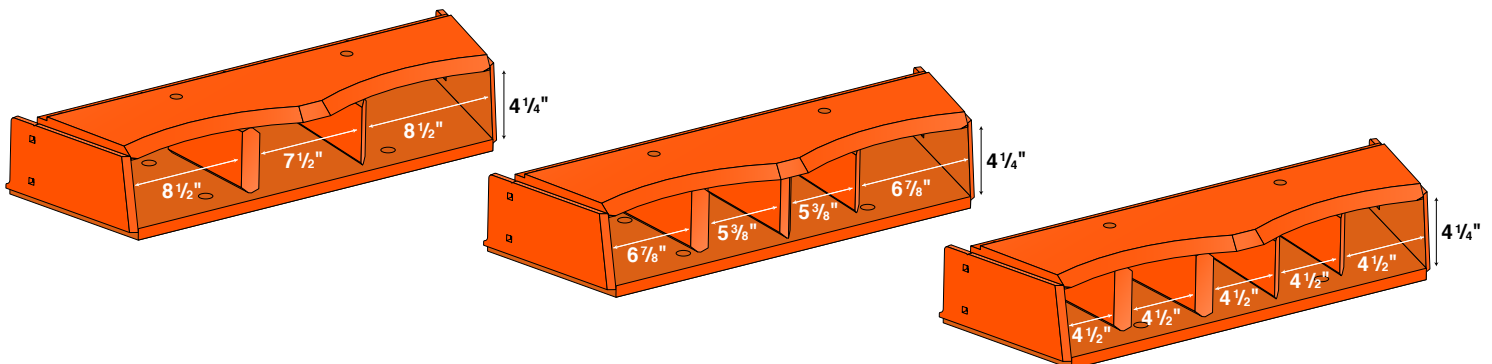

MODEL	SPLITTING DIRECTION	SPLITTING FORCE	WEDGES	MOTOR	STARTER	HYDRAULIC PUMP	BUILT IN TRAILER	LOG LIFT	SKID STEER
FS300	One Direction	29 Tons	3 Way 4 or 5 Way	390 cc Honda	Electric	2-Stage, 22 GPM	Standard	Optional	N/A
FS350	Bi-directional	29 Tons	3 Way 4 or 5 Way	390 cc Honda	Electric	2-Stage, 22 GPM	Standard	Optional	Optional
FS500	Bi-directional	42 Tons	3 Way 4 or 5 Way	630 cc Honda	Electric	2-Stage, 28 GPM	Standard	Standard	N/A

### WEDGE CHOICES:

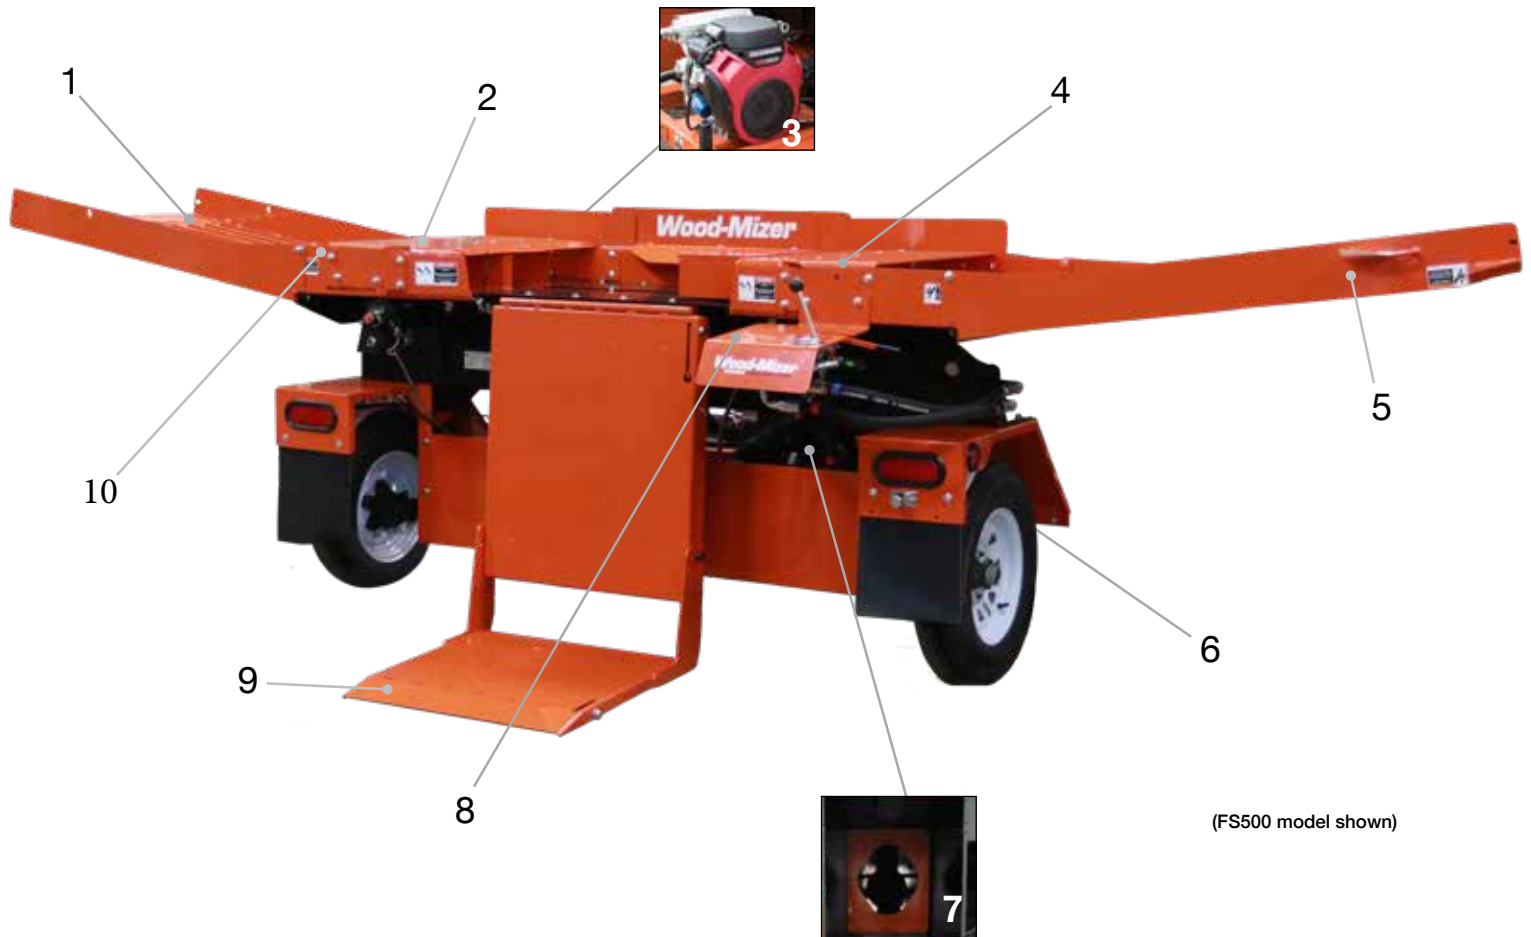

**INCREASE EFFICIENCY WITH THE UNIQUE DESIGN OF SPLITTING WEDGES THAT PRODUCE ACCURACY & CONSISTENT PIECES WITH NO NEED FOR RE-SPLITTING.**

OPTIONS: STANDARD 3-WAY WEDGE, 4-WAY WEDGE, OR 5-WAY WEDGE.

WEDGE REPLACEMENT SOLD SEPARATELY - CALL FOR PRICING.

Engineered for Performance, just what you'd expect from Wood-Mizer.

(FS500 model shown)

## FEATURES:

### 1. LONG LASTING AND TOUGH

The powder coated paint finish provides rugged durability plus a high quality and attractive finish.

### 2. DOUBLE YOUR PRODUCTION

Bi-directional push block increases production up to two times more than one-directional splitters. (FS350 & FS500 Models)

### 3. DEPENDABLE COMMERCIAL POWER

Honda engine offers performance and reliability.

### 4. INCREASE EFFICIENCY

Unique design of 3, 4 & 5-way splitting wedges produce accurate and consistent pieces with no need for re-splitting.

### 5. COMFORTABLE AND CONVENIENT

Extra wide wing trays collect split pieces while keeping them at working height for stacking or building.

### 6. COMPLETELY PORTABLE

Featuring a 3,500 lb torsion axle, stabilizing hitch, and LED lights for towing.

### 7. READY TO WORK

Heavy duty, tube-in-tube steel frame, and three-times the weight of standard log splitters.

### 8. CONVENIENT OPERATOR CONTROL PANEL

Dependable manual valves are conveniently located near operator.

### 9. INCREASE PRODUCTIVITY

Log lift conveniently positioned on the operator's side for fast and simple loading by a single operator.

### 10. SAVE YOUR BACK

Ergonomically-designed deck level 12" higher than comparable splitters.

# FS500

## LOG SPLITTER

The Wood-Mizer FS500 Log Splitter is perfect for bundle wood or firewood businesses looking to maximize efficiency and productivity. Producing 42 tons of force with a rugged 630 CC engine, the FS500 splits wood in both directions and produces up to three cords of firewood an hour with a 4.5 second cycle time. Featuring a heavy-duty trailer package, 2-stage hydraulic pump, oil cooler, log lift, and electric start, this fully-loaded splitter is equipped with a 3-way wedge and offers upgrades to 4-way or 5-way wedges making it a versatile all-in-one log splitter.

Part #: **FS500G630** \$18,995\*

# FS350

## LOG SPLITTER

The Wood-Mizer FS350 Log Splitter is ideal for commercial, farm, and at home wood splitting. Featuring a heavy-duty trailer and 2-stage hydraulic pump, the FS350 combines 29 tons of force with a 390cc gas engine to provide the necessary power and portability for nearly any type of splitting operation. The rugged FS350 Log Splitter produces uniform firewood pieces at double the rate of other log splitters with the standard bi-directional push block and 3-way wedge. Options include 4-way or 5-way wedge upgrades, log lift, and electric start.

Part #: **FS350G390 \$15,350\***  
**Log Lift Option: FS350-LL \$1,425\***

# FS350 SKID STEER LOG SPLITTER

The FS350 skid steer log splitter is a powerful wood splitter engineered for farming and ranching operations that already have a skid steer loader or front loader. By connecting two hydraulic hoses, the FS350SS is powered by the skid steer's existing power plant which lowers the initial cost of investment. The rugged FS350SS produces uniform firewood pieces at double the rate of other log splitters with the standard bi-directional push block and 3-way wedge. Options include 4-way or 5-way wedge upgrades and log lift.

**Part #: FS350SS \$9,475\***  
**Log Lift Option: FS350-LL \$1,425\***

**FS350SS SKID STEER MODEL** FS350SS is designed to attach to skid-steer machines through an auxiliary hydraulic power pack. Call for details.

**BIDIRECTIONAL PUSH BLOCK** PRODUCES UNIFORM FIREWOOD PIECES AT DOUBLE THE RATE OF OTHER LOG SPLITTERS.

**SIMPLE SHIPPING AND ASSEMBLY** Shipped on a single 88" x 66" pallet.
